

Driving Financial Transformation Through Activity-Based Methods

Can you answer 'YES' to these six questions?

- | | YES | NO |
|---|--------------------------|--------------------------|
| 1. Do you know the true cost of a CT Scan of the Brain or a Coronary Angioplasty? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Can you determine which lab tests, if outsourced to a reference lab, would improve your profitability? | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Do you know how many Chest X-Rays you need to perform to break even? | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Can you determine the cost differential by physician for your 10 most common outpatient surgical procedures? | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. Do you know the cost by activity for providing overhead support such as Accounts Payable or Billing? | <input type="checkbox"/> | <input type="checkbox"/> |
| 6. Do you know if your MRI throughput is maximized? | <input type="checkbox"/> | <input type="checkbox"/> |

If not, then ExactCost, the Healthcare Performance Technologies company, can provide you with the tools you need to answer these questions, and many more.

ExactCost Knowledge-Driven Performance Management Solutions

Solutions

ExactCost's web-based Performance Management solutions meet the healthcare industry's need for accurate cost and performance data, while minimizing IT support costs. ExactCost integrates financial, operational and clinical data from existing information systems and presents it to users in a format that enables them to identify and control costs at a level of detail that was not previously available.

ExactCost fully implements the fundamental principles of the Activity-Based Costing/Management (ABC/M) approach to cost management. Our solutions also provide an effective interface between strategic decision-makers and operational managers.

Company

ExactCost, Inc. is an Application Service Provider (ASP) dedicated to improving healthcare performance and clinical quality. We achieve this by helping healthcare providers migrate from traditional financial methods to activity-based methods.

Our pre-defined Data Dictionaries and Knowledge-Driven Performance Management solutions enable healthcare managers to monitor and improve operational and financial performance and enhance the quality of care.
